Vaccinations

- ☐ Proof of current vaccinations from Alford Avenue Veterinary Hospital
- ☐ Proof of current vaccinations from another hospital _____

For your dog's protection, all vaccines must be current. We require written proof or phone confirmation from your referring veterinarian of vaccinations, including Rabies, DA2PP, and Bordetella, for any dog that stays at Alford Avenue. If you are unable to provide proof of these vaccinations, we will need to give them. Your dog must be free of internal and external parasites, including fleas and ticks. **If not, we will treat your dog at your expense.** We do not board dogs who have kennel cough unless under the care of one of our Doctors. Please note that many vaccines do not take affect for 10-14 days, so be sure your dog is vaccinated before boarding for optimal wellness.

I agree to and understand this policy. _____ (client initials)

Permission to treat: Should my pet(s) become ill, an Alford Avenue veterinarian may provide all medical and surgical treatment deemed necessary in the doctor's professional judgment. I acknowledge that in the event of my pet's illness, the Alford Avenue staff may not be able to contact me immediately and is therefore authorized to initiate appropriate treatment until I (or the pet's agent) can be reached. I agree to pay all related expenses associated with treatment of my pet until I am available to discuss further care and related fees with the attending veterinarian. **If my dog has a serious illness or injury that becomes critical during my absence, I want the doctors to:**

☐ Resuscitate my dog ☐ Do not resuscitate my dog. I agree to and understand this policy.
